## Petersburg - Police Station Repair

**State Funding Requested: \$100,000****House District: 2 / A**

Future Funding May Be Requested

**Brief Project Description:**

Project will fund the preliminary engineering to determine the design and cost of police station replacement for Petersburg.

**Funding Plan:**

Total Project Cost:	\$1,500,000
Funding Already Secured:	(\$0)
FY2012 State Funding Request:	(\$100,000)
Project Deficit:	\$1,400,000

**Detailed Project Description and Justification:**

Project will fund the preliminary engineering to determine the design and cost of a police station replacement for Petersburg. Petersburg's current police station has been in use since the 1960s and has exceeded its useful life. Its condition is extremely poor and is in need of replacement. The station floor is sinking and causing all of the remaining structure to fail. Large cracks exist in the ceiling and walls, doors do not close properly, floors are significantly sloped. It has been patched together for many years. It is considered by many visiting law enforcement officials to be one of the worst physical conditions for a police station in the state. Funding will initiate the replacement project and provide for the necessary preconstruction activities. The project is supported by the community and is vital for public safety services in Petersburg.

**Project Timeline:**

FY12 - Architectural/Engineering services will be solicited immediately with a request for completion within 3 months.

**Entity Responsible for the Ongoing Operation and Maintenance of this Project:**

City of Petersburg

**Grant Recipient Contact Information:**

Name: Scott A. Hahn  
 Title: Petersburg City Manager  
 Address: 12 South Nordic Drive  
 Petersburg, Alaska 99833  
 Phone Number: (907)772-4425  
 Email: scott.hahn@ci.petersburg.ak.us
